1.0 Overview

Veterans Relationship Management's (VRM) Stakeholder Enterprise Portal (SEP) provides a fully functional and secure entry point for external stakeholders, business partners and service providers to access web-based systems, information and services on behalf of Veterans and the Department of Veterans Affairs (VA). SEP establishes a common enterprise identification and authentication service for VA internal and external stakeholders and provides a portal for VA enterprise stakeholders to manage enterprise content.

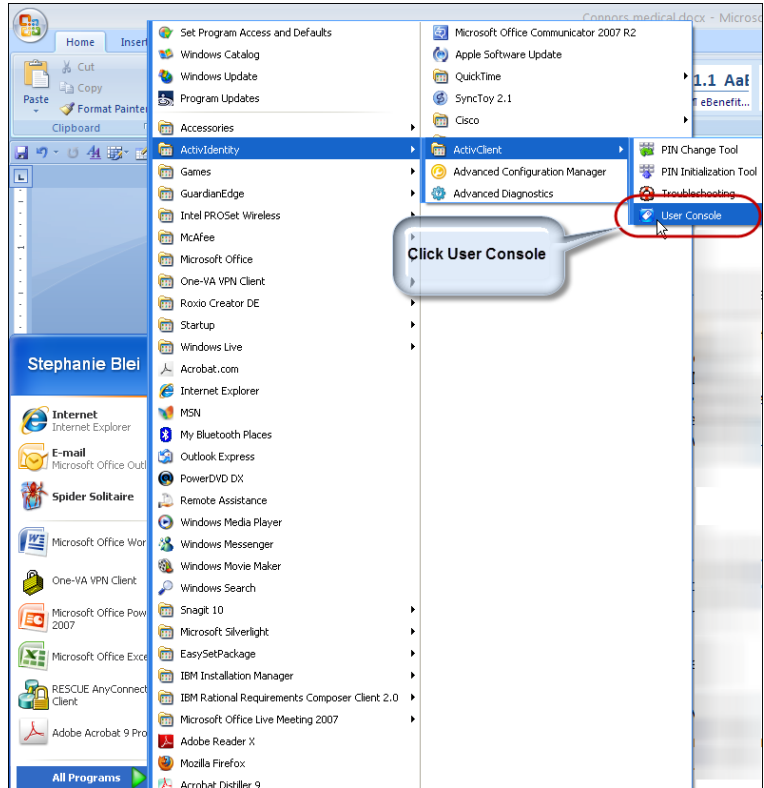

This manual is a step-by-step guide on SEP features. We recommend that you check periodically for guide updates to ensure that you learn of new features as they become available. **For further information and other issues not covered in this user guide, please call the SEP dedicated support line at 1-855-225-0709, or work with the Change Management Agent (CMA) in your local [Regional Office \(RO\)](#).**

Do you need more help with topics in this user guide? [Click here to check out the SEP FAQs.](#)

1.1 Pre-Check Hardware, Software, and Identification

SEP has the below minimum hardware and software requirements for full functionality:

1. Operating Systems: Windows XP or Windows 7
 - How to check: Right Click "My Computer" → Select "Properties." This may vary by Operating System.
2. Web Browsers: Internet Explorer (IE) v9, v10, v11, Firefox, or Google Chrome
 - How to check: Open Internet Explorer. Click onto "Tools" → Select "Help" → Select the "About" icon to display your IE version. This may vary by Web Browser.
3. ActivIdentity (v 6.2 for Windows 7) card reading software (Required only for users logging in with a PIV card.):
 - How to check: Select "Start" → Select "All Programs" → Find "ActivIdentity" → Find "ActivClient" → Select "User Console" and double click to open the program → Select "Help" from the title bar → Select "About" and find ActivIdentity.

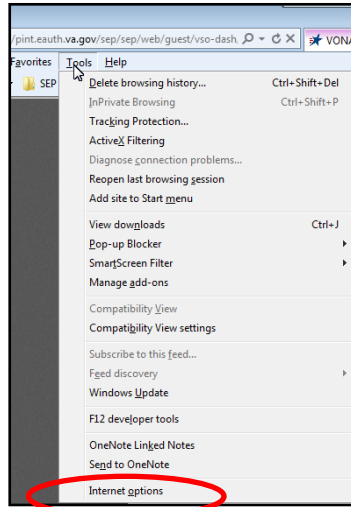

4. Valid Personal Identity Verification (PIV) card and Personal Identification Number (PIN) for the PIV Card. (Required only for users logging in with a PIV card.)
5. PIV card reader slot located on the side of laptop, on the keyboard of a desktop, or external connected by USB. (Required only for users logging in with a PIV card.)
6. Use the following instructions to obtain your Office of General Counsel (OGC) Accreditation number:
 - Link to or copy URL (<http://www.va.gov/ogc/apps/accreditation/index.asp>) into your Web browser. Select the appropriate type of person, enter your last name into the last name field, and select the "Search" button.
 - In the OGC Database, click onto your name to obtain your Accreditation number. Copy or retain the Accreditation number. When you log into SEP, you will enter the number in the OGC Accreditation field.
 - Users who cannot access the OGC database to obtain their Accreditation number should contact the OGC at ogcaccrreditationmailbox@va.gov.

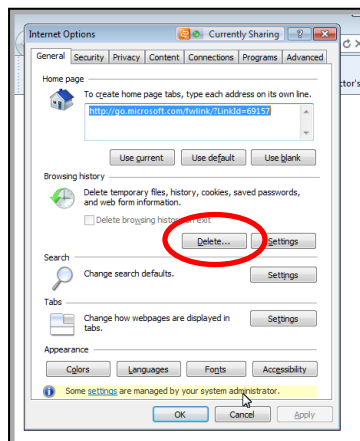

2.0 Clear your Cache

To ensure security and protect privacy, you should clear your Web browser cache or history daily. Follow the below instructions to clear your Web browser cache or history in Internet Explorer:

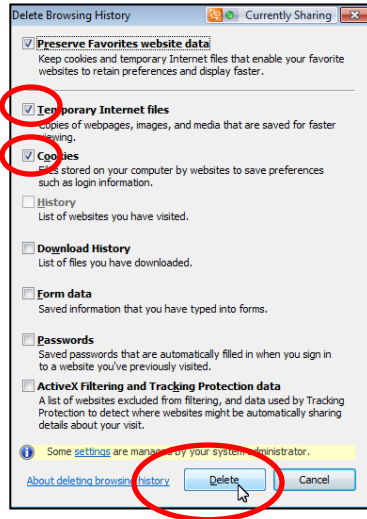

1. Open Internet Explorer.
2. From the top menu, click onto “Tools” and select “Internet Options.”

3. Select “Delete.” (The Delete function will clear the history, cookies, and cache in your Web browser.)

4. External network (non-VA) users should select the appropriate check boxes and click onto the “Delete” button. Note that VA’s secure network does not permit its users to delete Web browser history.

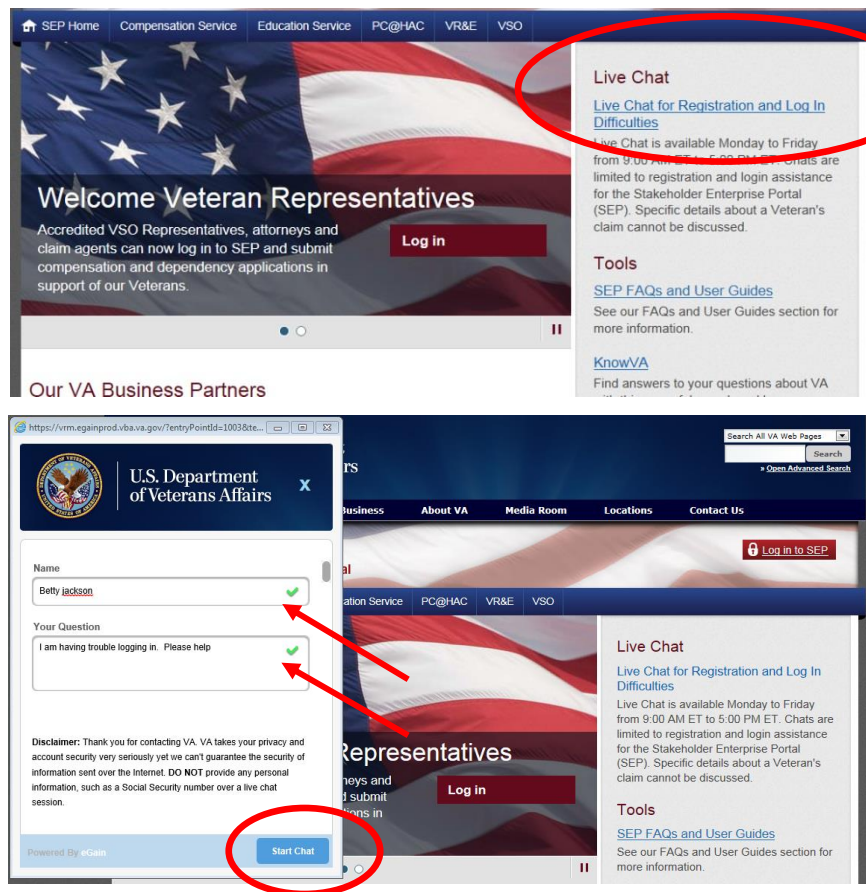

5. Exit the popup screen.

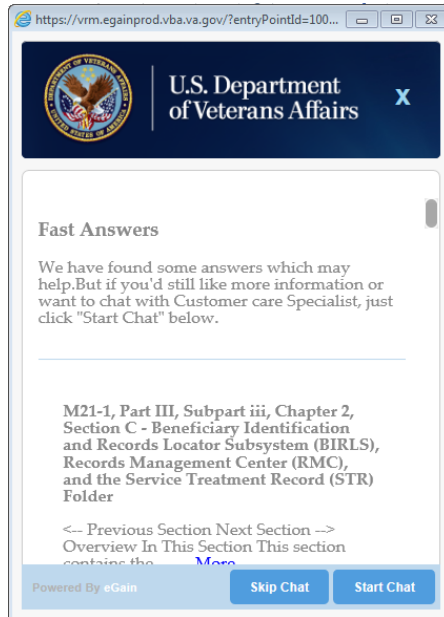

3.0 Unauthenticated Chat

The unauthenticated chat feature allows SEP users to communicate directly with National Call Center agents during their online session. The unauthenticated chat feature allows users to ask general questions while the users are not logged in to SEP. Note that the users should not provide sensitive or Personally Identifiable Information (PII) during an unauthenticated chat session. A SEP user can initiate a chat session with a National Call Center agent for assistance when selecting a page on SEP where an unauthenticated chat window is available.

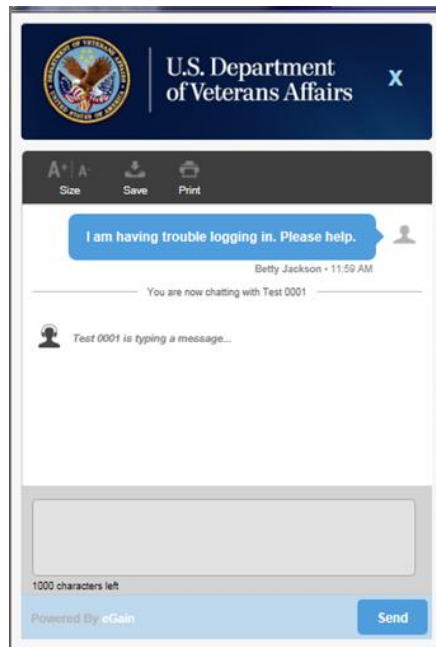

1. When accessing the SEP Home Page, click onto the link, “Live Chat for Registration and Log in Difficulties.” A separate chat box will appear.

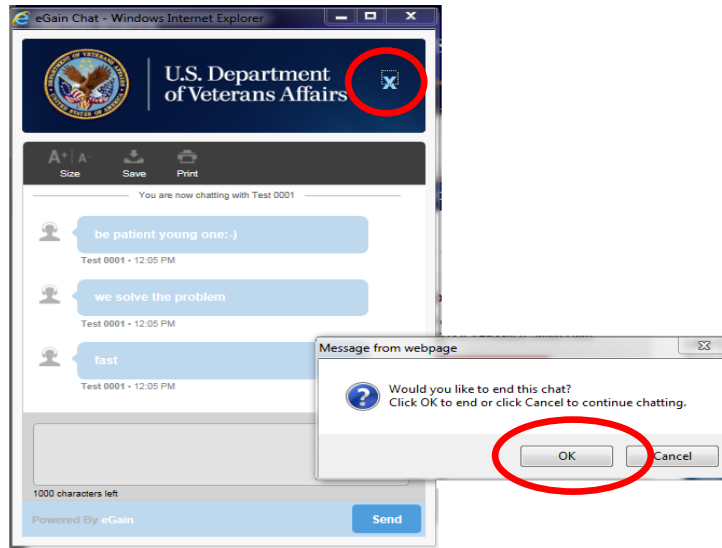

3. Enter your name and question into the applicable text boxes and click onto “Start Chat.” The Chat window will first direct you to Fast Answers, in which the user may find the answer to a question without chatting with a representative. If the user does not find the answer they are looking for, the user can click “Start Chat” to proceed to chatting with a live National Call Center agent.

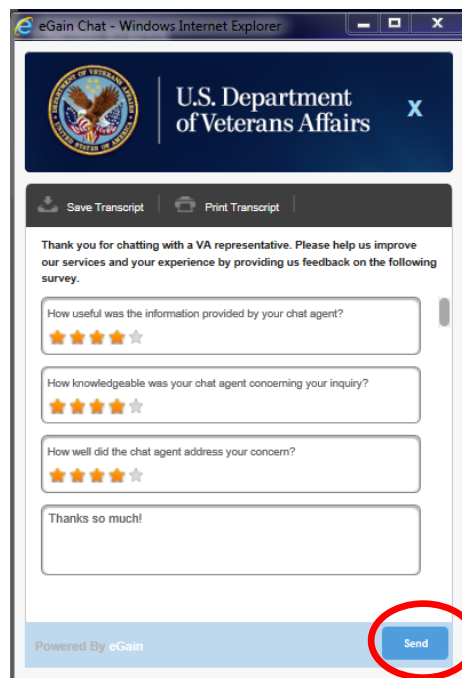

NOTE: SEP users and chat agents should not enter Personally Identifiable Information (PII) (e.g., Social Security Number or date of birth) into the chat window.

4. A chat agent will receive the message and initiate contact with the user.
5. To finish a chat session, click onto the large 'X' located at the top of the chat window, and confirm your intent to close the session by clicking "OK" in the popup window.

6. To help us improve SEP chat, we ask users to complete a survey. After completing the survey, click onto "Send" button.

4.0 Create an Account and Log In

Accredited users can use their Personal Identity Verification (PIV) cards or Norton Symantec Remote Identity Proofing process to create accounts. Users may find Symantec login procedures by [clicking here for the Symantec Job Aid page](#).

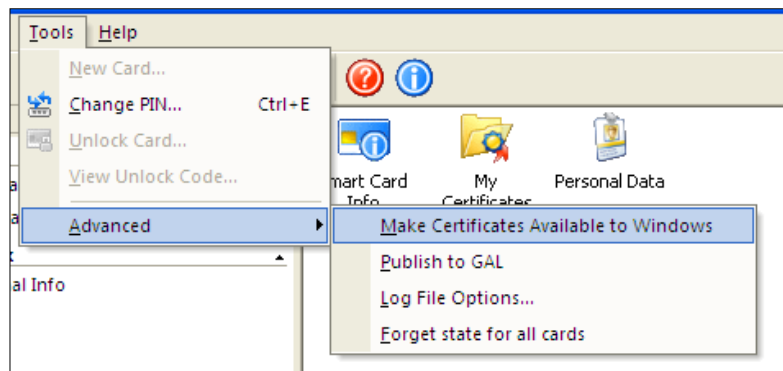

4.1 Register a PIV

We recommend that you ensure that your PIV card and PIN function properly prior to registering your PIV Card. To ensure that your PIN card and PIN function, insert your PIV card into the PIV card reader, enter the PIN associated with your PIV card, and log in or unlock your VA Windows Domain user profile. If your PIV and/or PIN do not function properly, please work with your PIV Sponsor or the local PIV office to resolve any problems before moving forward with registering your PIV card.

1. Insert your PIV card into your card reader.
2. Launch the ActivClient console from the Windows Start menu.

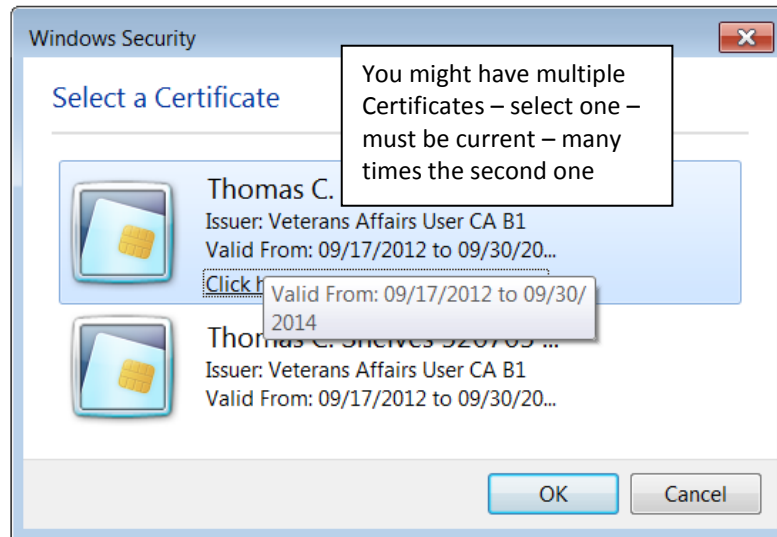

3. Click on "Tools" → "Advanced" → "Make Certificates Available to Windows."

4. Close ActivClient.
5. Launch your Web browser and link to or copy and paste (<https://register.eauth.va.gov/>) into the Web browser.

6. You will be asked to choose a certificate. Hover your mouse over your name and select the certificate that states “PIV Authentication.” Click “OK.”

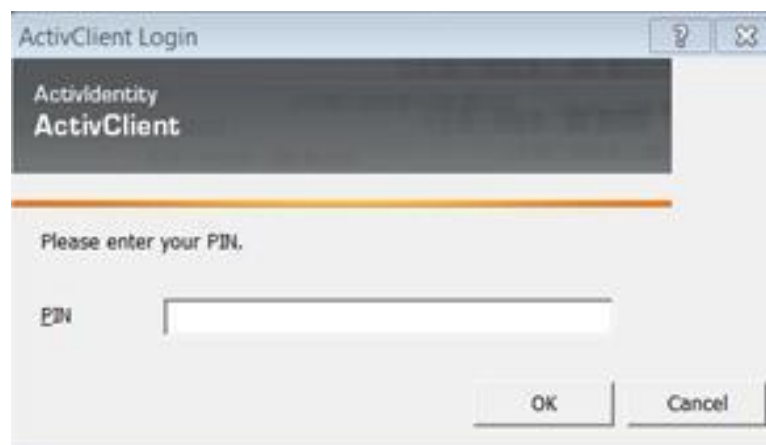

- **Helpful Hints:**

- Do not select a certificate that displays a  symbol. Select only a

certificate that displays a  symbol.

- If you receive an error with one certificate, try another certificate.

7. Enter your PIV PIN and click the “OK” button.

8. Click “Register Smart Card” on the right-hand side of the screen.

9. After a successful registration, your name and a message indicating successful registration will appear on the left-hand side of the page.

- When logging into SEP, should you receive the error screen below, clear your cache (Section 2.0), close your Web browser, and reattempt your PIV card registration (Section 4.1). If you continue to receive the same error message, contact the SEP dedicated support line at 1-855-225-0709, or the Change Management Agent (CMA) in your local Regional Office (RO) to resolve the problem.

8. Click onto the **OK** button. The system will return you to the login screen, where you must log into SEP (Section 4.3) in order to continue your session.

9. After successfully logging in with either PIV or Symantec credentials, the system will direct you to the SEP web application corresponding to your user role: VSO, Claims Agent or Attorney. Your role will appear in the upper right hand corner of the SEP browser screen.

10. The SEP welcome page should appear. Enter your OGC Accreditation number. (Refer to [Section 1.1](#) of this guide for instructions on how to obtain your OGC Accreditation number.)

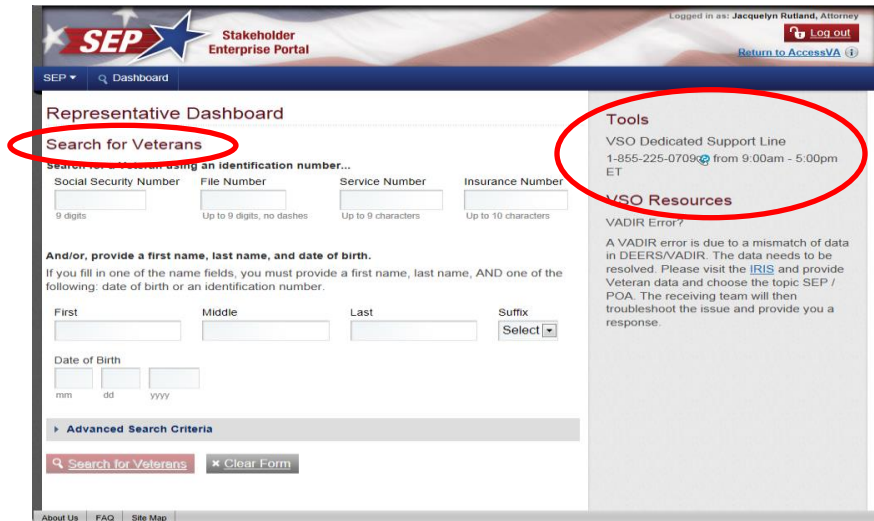

11. Click onto the “Continue Registration” button. The screen should display all of your user roles and POA associations.

12. Click on the “Finish Registration” button.

13. After logging into SEP, the Dashboard screen seen below should appear where you may search for Veterans. (Should you need assistance while conducting a search, contact the SEP dedicated phone number located in the upper right-hand corner of the page.)

Users having trouble with registration or with logging in with a PIV card should call the National Service Desk at 855-673-4357, and, when prompted by the automated menus, select Option 6 for specialty services and Option 2 for PIV support.

5.0 Manage Form 21-22

1. Accredited VSOs will use SEP to manage electronic 21-22 requests if the VSO is authorized to accept or decline POAs.
2. To search for, manage, or review incoming 21-22s, the accredited user should select the “Representation Requests” option located in the upper navigation bar.
3. A Veteran cannot electronically submit a 21-22 to a VSO who has been inactive in SEP for over 30 days. This ensures that the Veteran does not submit an application to a VSO who does not use SEP; therefore, his or her application will not go unnoticed.
4. A Veteran cannot submit an electronic 21-22 without personal contact information. This ensures that the SEP User is provided with at least one quick and easy way of contacting the Veteran.

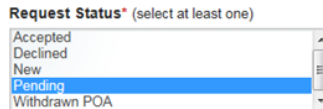

5.1 Search for 21-22s

The Representative Requests search function enables an accredited VSO user, using search criteria, to find 21-22s submitted by Veterans who requested the VSO organization as their representative. To make multiple selections, hold the Ctrl key while clicking selections.

A screenshot of the 'Representation Requests' search interface. The page title is 'Representation Requests'. Below the title, there is a search form with several sections: 'Search For Representation Requests' with a note about asterisks, 'Requested Organization*' with a dropdown menu showing 'American Legion' and 'Disabled American Veterans', 'Request Status*' with a dropdown menu showing 'Accepted', 'Declined', 'New', 'Pending', and 'Withdrawn POA', and 'Claimant's Location Type' with radio buttons for 'Select All', 'Domestic', 'Military', and 'International'. A 'Find Requests' button is at the bottom left. On the right side, there is a 'Tools' section with 'VSO Dedicated Support Line' information and a 'VSO Resources' section with a 'VADIR Error?' link and a paragraph of text.

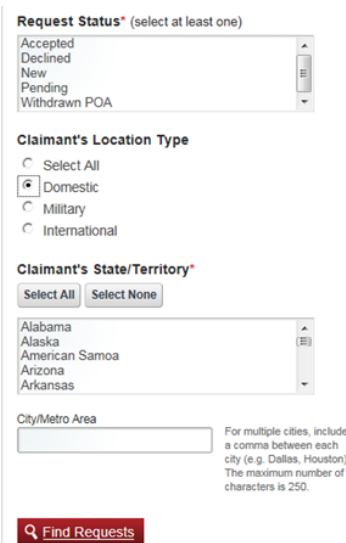

Helpful Hints:

- “Requested Organization” and “Requested Status” are required fields to conduct a search.
- If the VSO user represents only one organization, the organization will automatically appear, and the VSO user will not be able to select additional organizations.
- You can search 21-22s using five “Request Status” criteria. There are four non-withdraw types (Accepted, Declined, New, Pending) and one withdrawn type (Withdrawn POA).
 - a. You may search one or more non-withdrawn types at a time.
 - b. You may not search both non-withdrawn and withdrawn types at the same time.
(Withdrawn POA is a mutually exclusive search criterion)

A screenshot of a dropdown menu titled "Request Status* (select at least one)". The menu is open, showing five options: "Accepted", "Declined", "New", "Pending", and "Withdrawn POA". The "Pending" option is highlighted with a blue background.

- When searching for New, Pending, Accepted, or Declined 21-22s, you can improve your search results by selecting Domestic, Military, or International Locations as search criterion. In addition, if you select a U.S. state, you may use the city name (or multiple city names, separated by commas) to improve your search results. If selecting multiple states, hold the Ctrl button located on the keyboard when selecting each state.

A screenshot of a search form. It includes a "Request Status*" dropdown menu with "Pending" selected. Below it is a "Claimant's Location Type" section with radio buttons for "Select All", "Domestic" (which is selected), "Military", and "International". Underneath is a "Claimant's State/Territory*" section with "Select All" and "Select None" buttons, and a list of states including Alabama, Alaska, American Samoa, Arizona, and Arkansas. At the bottom, there is a "City/Metro Area" text input field with a search icon and a "Find Requests" button. A note next to the text field states: "For multiple cities, include a comma between each city (e.g. Dallas, Houston). The maximum number of characters is 250."

- When searching by Military Location, you must select both the Claimant's Post office and the Claimant's Postal Code. To select multiple selections, hold the Ctrl key while clicking selections.

Find Requests

- When searching by the location type "International," you will improve your search results if you use the Claimant's Country as a search criterion. To select multiple selections, hold the Ctrl key while clicking selections. To select all International Requests, click on the "Select All" button.

Find Requests

- You must use valid search criteria to receive successful search results for Veterans who have requested POA (21-22s) and/or withdrawn POAs (21-22s).
- For 21-22s requests, search results will return information about the Veteran or Claimant, Limitations of Consent (if applicable), (VSO decision) Request Status, and, when the VSO has accepted the Veteran's request for POA, the responsible VSO representative name and decision date.

2. The “Request Status” in the detail page of the 21-22 provides valuable information:

- A “New” status indicates that the SEP user is the first to view the new 21-22, including the 21-22 details page.
- A “Pending” status indicates that other SEP users have reviewed the 21-22, but that they have not taken action.
- The “Accepted” and “Declined” statuses inform the SEP user that an action has been taken, and of that action’s date and time.

5.4 Accept or Decline 21-22

Only SEP users who are authorized to accept or decline 21-22s on behalf of their organization are able to see the “Accept Request” and “Decline Request” buttons at the top of the 21-22 detail screen.

- Important: In order to accept or decline a 21-22, the SEP User must be authorized to do so within the OGC Database. If a SEP user is unable to accept or decline a 21-22, the SEP user must coordinate with their organization and the OGC Accreditation to become authorized to accept or decline a 21-22. OGC Accreditation can be contacted at AccreditationMailbox@va.gov.

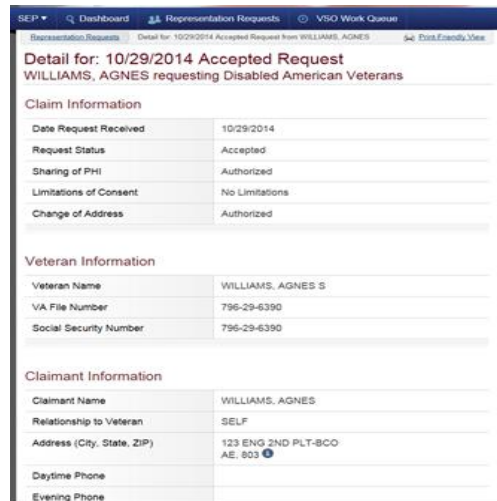

1. To accept or decline a 21-22, select one of the options at the top of the detail screen.

Action: -or- [Go back to search results](#)

2. To confirm that you accept a 21-22, select the “Accept Request” button at the bottom of the popup screen.

3. When you click the “Accept Request” button, the system revalidates your user identity and treats your acceptance as a virtual signature.
4. After confirming your acceptance of the 21-22, the detail page will reload and display the 21-22’s new status, as well as the Veteran’s File Number and Social Security Number.
 - The Veteran or claimant will receive a message through a secure messaging center located in their eBenefits account that his/her 21-22 POA request was accepted.
 - You may return to the 21-22 search results screen and evaluate other 21-22 requests.

5. To decline a 21-22, select the “Decline Request” button at the top of the detail screen.

- You must provide a reason for declining a 21-22. After providing a reason, click onto the “Confirm” button to finalize your decline action.

Please confirm your declination of this representation request.

6. After you confirm your decline action for the 21-22, the 21-22 detail page will reload and display its new status.

- The Veteran or claimant will receive a message through a secure messaging center located in his/her eBenefits account that the 21-22 request was declined.
- You may return to the 21-22 search results screen and evaluate other 21-22 requests.

6.0 SEP Dashboard

After the SEP user successfully logs in, the system will direct the SEP user to the VSO Representative Dashboard, where the user may search for Veterans.

- Note the difference in the screen below. Because a VSO has more authorized roles, an Attorney or a Claim Agent has less functions within SEP than that of a VSO Representative.

6.1 Search for a Veteran

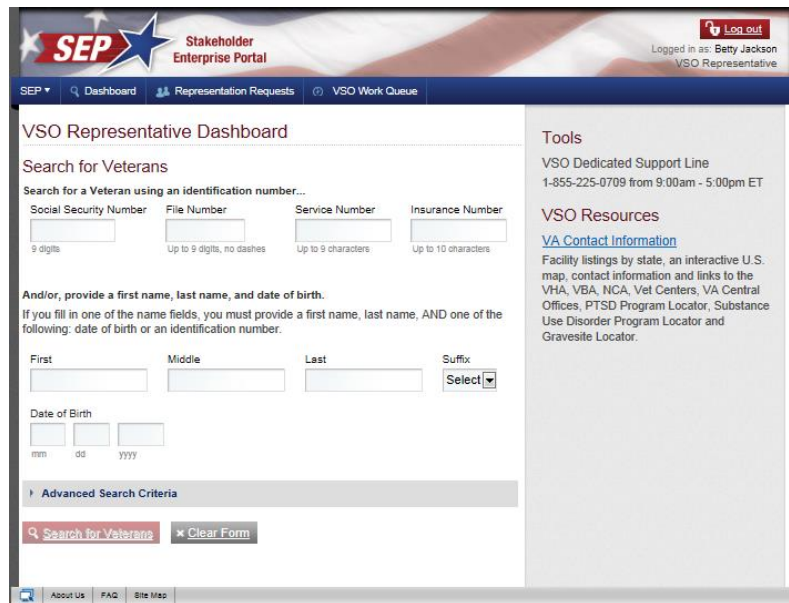

You may use the SEP Representative Dashboard's search criteria to locate Veterans for whom you have a POA. (The POA gives permission to an authorized SEP User to represent and/or manage a Veteran's VA-related business.)

1. From the SEP Dashboard screen, enter the following:

- Veteran's Social Security Number, File Number, Service Number, or Insurance Number.
(Only one criterion is necessary.)

or

- Veteran's First Name, Last Name, and Date of Birth (DOB) (All criterion required)

The screenshot shows the 'VSO Representative Dashboard' with a search section titled 'Search for Veterans'. It includes a search prompt 'Search for a Veteran using an identification number...' and four input fields: 'Social Security Number' (9 digits), 'File Number' (Up to 9 digits, no dashes), 'Service Number' (Up to 9 characters), and 'Insurance Number' (Up to 10 characters). Below this is an alternative search method: 'And/or, provide a first name, last name, and date of birth.' This section has fields for 'First', 'Middle', 'Last', and 'Suffix' (with a dropdown menu), and a 'Date of Birth' field with 'mm', 'dd', and 'yyyy' sub-fields. At the bottom of the search area are 'Advanced Search Criteria' and two buttons: 'Search for Veterans' and 'Clear Form'. The right sidebar contains 'Tools' (VSO Dedicated Support Line: 1-855-225-0709 from 9:00am - 5:00pm ET) and 'VSO Resources' (VA Contact Information, Facility listings by state, etc.). The top navigation bar shows 'SEP Stakeholder Enterprise Portal' and a user profile for 'Betty Jackson, VSO Representative' with a 'Log out' button.

2. You may use “**Advanced Search Criteria**” to enhance your search for finding a Veteran.

6.2 Authenticated Chat

You may communicate directly with a National Call Center agent through an authenticated chat box window located within the SEP Portal. You may ask VA-related questions, including those that are sensitive, regarding a Veteran. Note that questions must pertain to the Veteran whose information appears in the Dashboard screen at the time of the chat session.

To initiate an authenticated chat regarding another Veteran, you must exit the existing chat session, start a new search for a new Veteran, and once the Veteran's information appears in the Dashboard screen, re-initiate a new chat session. To initiate an authenticated chat, see the directions below.

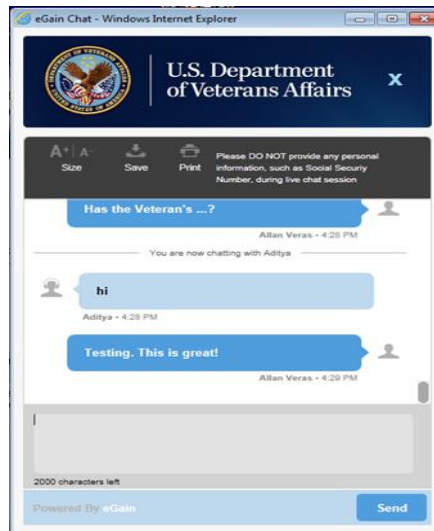

- **IMPORTANT: Do not enter Personally Identifiable Information (PII) regarding the Veteran into the chat box window. The National Call Center Agent will have the Veteran's information available when you initiate a chat session.**
1. Once the Veteran's Record appears in your Representative Dashboard, click onto the "Chat with the VA" blue icon located on the bottom right of your screen.

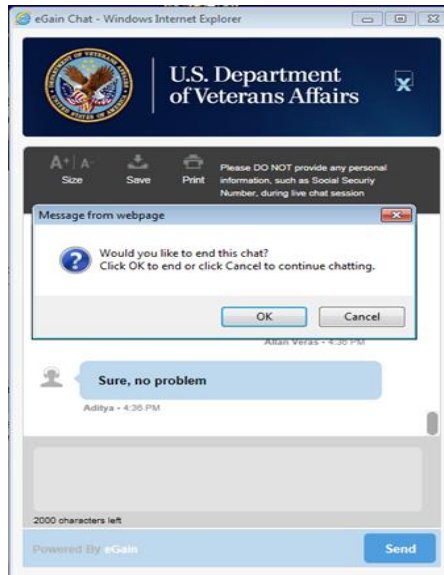

2. A popup window will appear where you may initiate a chat session with a National Call Center Agent. Type your name and your question into the window, and click the "Start Chat" button.
- **IMPORTANT: Do not enter Personally Identifiable Information about the Veteran into the chat box window. The National Call Center Agent will already have the Veteran's information available when you initiate a chat session.**

3. You will be connected to a chat room where a live agent will be available to take your questions.

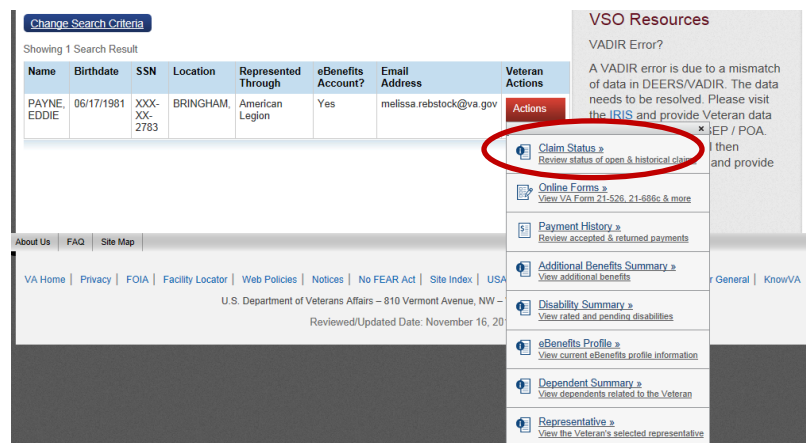

4. To end the chat session, click onto the “X” located in the blue panel at the top of the screen. A popup screen will appear. Click onto OK when prompted.

6.3 Claim Status and Document Upload

A SEP user (e.g., VSO, Attorney, or Claims Agent) can view and act on a Veteran’s Compensation/Dependent claim if the Veteran grants the SEP user Power of Attorney (POA) through VA form 21-22.

1. To view a Veteran’s Claim Status, select the “Claim Status” option from the “Actions” drop-down menu located in the “Veteran Search Results” screen.

2. The system will display a Work in Process page with Intent-to-File (ITF), Open Applications, and Claim Status of Submitted Claims.

About Payments

Disclaimer: Detailed information about some benefits payments may not be available online. For example, payments made in amounts less than \$1 for direct deposit or \$5 for mailed checks will not be displayed in the claimant's online payment history. Gross payments and modifications will display only for recurring and irregular compensation payments. If you (representative) or the claimant have questions about payments made by VA, please call the VA Help Desk at 1-800-827-1000.

6.7 Online Forms

The SEP users are allowed to access online forms for those Veterans who grant them Power of Attorney (POA). This process is using the same Electronic Claims Submission Process dashboard that Veterans use in eBenefits.

1. To access a Veteran's online forms, the authorized SEP user selects the "Online Forms" option from the "Actions" drop-down menu. The "Actions" drop-down menu is found in the Veteran Search Results.

The screenshot displays the VA eBenefits search results page for a Veteran named PAYNE, EDDIE. The search results table includes columns for Name, Birthdate, SSN, Location, Represented Through, eBenefits Account?, Email Address, and Veteran Actions. The 'Veteran Actions' column for PAYNE, EDDIE is expanded, showing a dropdown menu with several options. The 'Online Forms' option is circled in red. Other options in the dropdown include Claim Status, Payment History, Additional Benefits Summary, Disability Summary, eBenefits Profile, Dependent Summary, and Representative. The page also features a 'VSO Resources' section with a 'VADIR Error?' message and a footer with navigation links and contact information.

The system will display the Online Application Dashboard of the selected Veteran. The dashboard will display the current summary of open, submitted, and completed applications and forms. Open applications are displayed in descending order from the newest to the oldest.

- **Note:** Forms available through SEP are identical to those available to the Veteran through eBenefits. In addition, the SEP and eBenefit web portals enable the SEP user and Veteran to interact in order to complete and submit online forms to the VA. The interactive capability between SEP and eBenefits is especially helpful when a SEP user requires a Veteran’s Signature on a form (e.g., VA Form 21-526EZ). In this scenario, the Veteran can upload a signed form in PDF format through eBenefits for the SEP user’s retrieval and action in SEP.

7.0 Submit Form 21-526EZ on Behalf of a Veteran

Once the Veteran's POA is in the VA system, a representative of that VSO can use SEP to prepare a disability compensation application (VA Form 21-526EZ) on behalf of the Veteran. However, the Representative may **not** be able to electronically submit the application through SEP.

2. Each VSO decides whether or not an individual representative can submit the application in SEP. While using SEP:
 - A representative **with** the right/authority to submit the application will be given that option.
 - A representative **without** the right/authority to submit the application will be able to electronically send the application for review by a representative with the authority.
3. Below are the POA types and their typical authorization, which is subject to the VSO's or Veteran's refinement:
 - Most National VSOs (NVSOs) submit a claim on behalf of the Veteran without a VSO organization's review.
 - Most, but not all, County VSOs (CVSOs) cannot submit a claim on behalf of a Veteran, even if the claim has all the necessary certification information, without a VSO organization's review.
 - Most Attorneys and Claim Agents have the same rights as NVSOs.
4. A POA may submit a claim if the Veteran provides authorization by either of the two methods:
 - The Veteran provides an electronic mark in the presence of a POA Witness, who in turn provides his or her electronic mark.
 - The Veteran provides a wet signature on the 21-526EZ signature page and the page is uploaded by the Veteran using eBenefits or by the VSO using SEP.

7.1 Verify a POA When Reopening an Existing 21-526EZ Claim

A Veteran may change representatives before an application has been submitted through SEP. Before the new Veteran Representative continues the application, the Veteran’s signature or mark will need to be updated. The system generates a message explaining this situation.

Disability Compensation Benefits OMB No. 2900-0067

The representative has changed since the Veteran provided a signature or mark.

If you are the new representative, you must update the Veteran's signature or mark to confirm that you have permission to submit the Veteran's claim.

[Continue](#) [Exit](#)

7.2 Submit an Original Claim

To ensure the Representative can prepare and/or submit an original application for a Veteran, the Representative must have permission to do so. Verification of that permission can be satisfied by either uploading a signed signature page or capturing the claimant’s and witness’ marks.

- The SEP user who can download, print, sign, and scan a document may consider uploading a **signed signature page**.

Claimant Signature or Mark OMB Control No. 2900-0747

We need to verify that you have permission to submit this application on the Veteran's behalf. To provide proof that the Veteran has granted you permission, you'll need to upload a signed claim certification and signature page or provide a claimant mark and witness signature.

Claimant Signature

To upload, you'll need to: (1) download the Claimant Signature form below, (2) have the Veteran sign the form, and (3) upload the signed claim certification and signature page.

Claimant Mark

If you're unable to obtain a signed certification and signature page, you'll need to: (1) read the claimant mark

- If the Veteran is unable to provide a signature, the SEP Representative may consider capturing the **claimant’s and witness’ marks**, an electronic equivalent of a mark or thumb print. When completing the “Claimant and Witness Mark” section of the claim, the SEP Representative should:
 - a. Read the claimant mark statement to the Veteran;
 - b. Obtain the Veteran’s electronic mark “X”; and
 - c. Acting as a witness, check the box certifying the SEP made visual verification that the Veteran made an electronic mark.
- **Important:** A SEP Representative must be present – either via computer screen sharing or a face-to-face interview -- when the Representative verifies the claimant’s mark.

Claimant Signature or Mark

Claimant Mark

If you're unable to obtain a signed certification and signature page, you'll need to: (1) read the claimant mark statement to the Veteran; (2) have the Veteran certify by checking the first check box below; and (3) provide your signature as a witness to the claimant's mark by checking the second check box below.

Reminder: Users of the Stakeholder Enterprise Portal (SEP) (1) must continue to comply with the rules of behavior for this computer; and (2) must be present when the Veteran is checking the claimant mark.

I certify and authorize the release of information. I certify that the statements in this document are true and complete to the best of my knowledge. I authorize any person or entity, including but not limited to, any organization, service provider, employer, or government agency, to give the Department of Veterans Affairs any information about me except protected health information. I waive any privilege that makes the information confidential.

By checking this box, you (the Veteran) certify the above in lieu of your signature. Once your application is submitted, you will not be able to make additional changes.

Witness Mark

I certify that I am a witness to the claimant's mark, which the Veteran provided as the claim certification and signature.

By checking this box, you (the representative) certify the above in lieu of your signature.

7.3 Submit a Supplemental Claim

When the Veteran has an eBenefits account and/or email address on record in the VA system, the SEP Representative can submit a supplemental claim without obtaining the claimant's and witness' marks or uploading a Veteran-signed signature page.

When a Veteran does not have an eBenefits account and no email address on record in the VA system, the SEP Representative will need to obtain the claimant's and witness' marks or to upload a Veteran-signed signature page in order to submit a supplemental claim, as was required with the original claim. When submitting a supplemental claim for a Veteran without an eBenefits account and without an email address, the SEP Representative should refer to [Section 7.2](#) on Submitting an Original Claim.

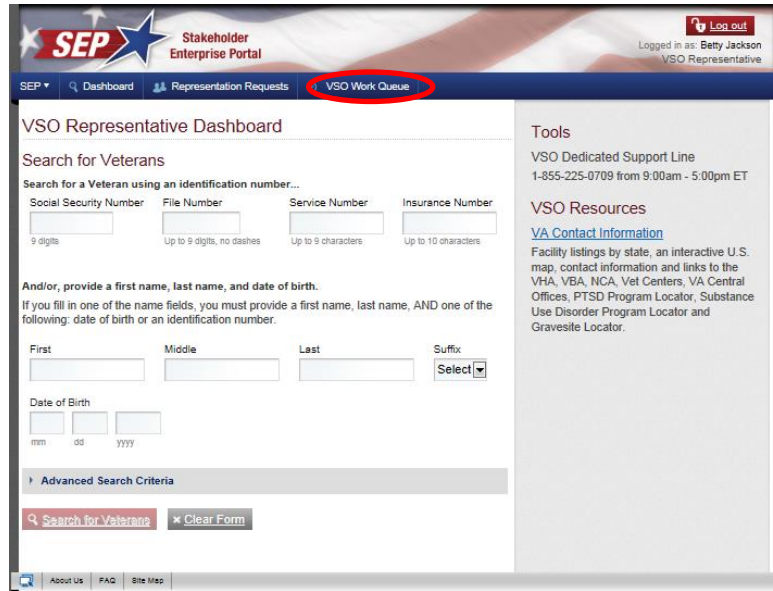

If the Representative tries to submit a supplemental application for a Veteran (with no eBenefits account and no email address on record) without uploading a signature page or capturing the claimant and witness marks, the system will generate the following message:

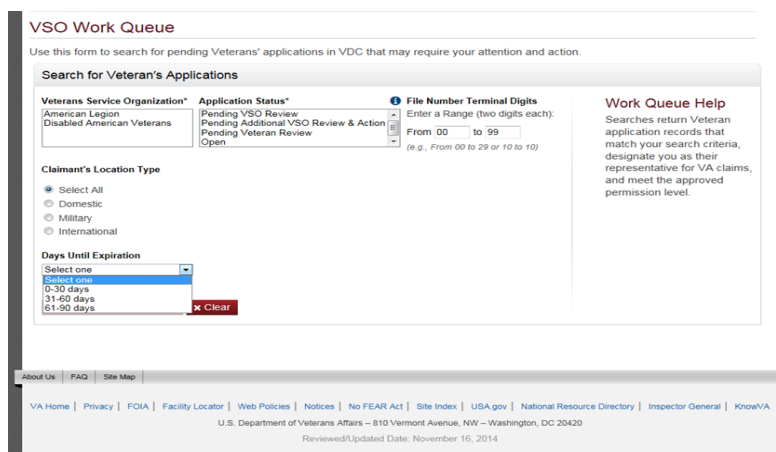

- NOTE: If the Representative selects “Send for Veteran Review,” the system will allow the Representative to enter a temporary email address and will send a notification to the Veteran that a draft Compensation Benefits Application has been completed.

8.0 SEP Work Queue

After SEP users log into SEP, they can search for Veterans applications that have been started, but not submitted, and are in various stages of the process, by clicking onto “VSO Work Queue” located in the upper menu bar.

1. The Search for Veteran’s Applications page will appear, where the user may enter search criteria to find application(s) that require their organization’s action.

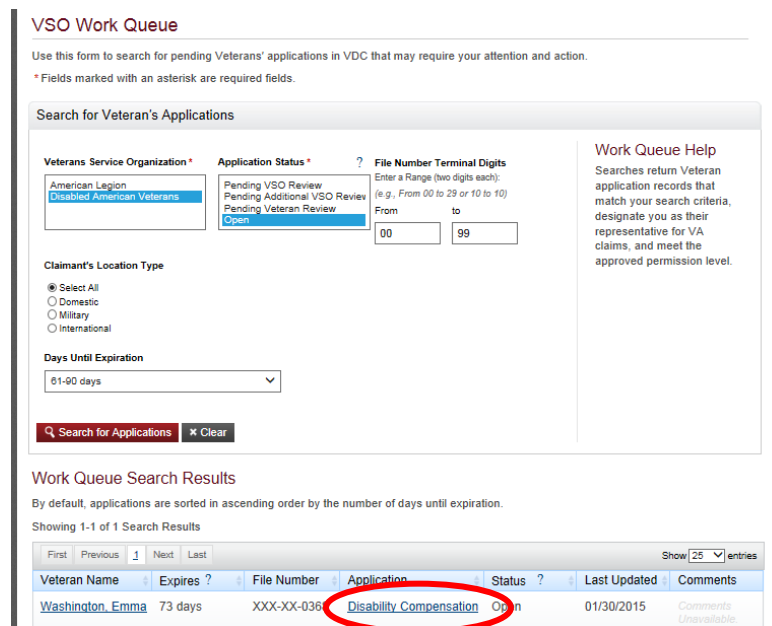

2. After the users have selected all their search criteria, they may click on the “Search for Applications” button located on the bottom of the Work Queue search screen.

8.1 View Work Queue Search Results

After the SEP user conducts a successful search, the work queue search results will appear in the window. Search results will display as a list of application(s) in alphabetical order and by Veteran’s name. The work queue is mostly limited to informative Veteran data; however, a SEP user may choose to navigate to a pending Disability Compensation Application and continue the process of completion and submission. A SEP user may enter the Veteran’s Disability Compensation Application by clicking onto the “Disability Compensation” link in the search results table.

- **Note:** A (checkmark) in the “Comments” column indicates that notes have been entered for that application.

Clicking the Veteran’s name link in the search results table will display the “Application Information” window and provide more detailed information for a specific application.

- **Note:** A SEP user may also access the Veteran’s Disability Compensation Application from this “Application Information” window by clicking onto the “Disability Compensation” link.
