Job Aid Title: Requesting a Norton Symantec Credential

Purpose: The purpose of this job aid is to provide step by step instructions for requesting and receiving a Norton Symantec credential.

Prerequisites:
   1. Email Account
   2. Mobile phone number

Start Job Aid:
1. Open a new browser session
2. Enter https://www.sep.va.gov to go to the Stakeholder Enterprise Portal
3. Click **Login to SEP** to go to the **Login to Stakeholder Enterprise Portal** page.
4. Click ![Login with Norton](#) to display the Continue Login Process pop up window.
5. Click **Continue** to display the *Sign into Norton Account* page.
6. Click to display the Norton Signup Account page.
7. Enter email address and choose a password.
8. Enter First and Last name
9. Check the Subscriber Agreement after you have read and agreed to the terms.
10. Click to submit your information and to go to the Account Creation Successful page.
   - Note: Norton sends a confirmation email message to the email address entered above.
   - Note: Leave this browser session open, by opening another browser session, when you check for the confirmation email.
11. The above page should display with the following message and a confirmation email is sent to the email address listed.
12. Open another browser session and go to your email account to open the confirmation email from NortonAccount@Symantec.com.

   - Note: If you did not receive a confirmation email, switch browser sessions and click to resend the confirmation email.

13. Click on the email verification link.

15. Enter email address and password and Click
Identity Confirmation

Next steps on the following pages:

- Provide some personal information. Only your name and contact information will be saved after confirmation.
- Answer some questions to which only you would know the correct answers.
- You will receive a unique mail code in a postal letter sent to the home address you’ve provided.

Important:

- Enter a personal credit card, and not a debit or corporate card number.
- Be sure this credit card is a frequently-used card with a billing address that matches your home address.
- Your credit card number will not be charged and will not be saved. It will only be used to confirm your name and address.

This will help us confirm your identity to protect your account.

16. Please read the information under “Next steps on the following pages” and “Important” and Click
17. Enter personal information and click . Please be aware that you are being timed during the entire identity proofing session within Norton (as seen under the title on your screen). Once you enter SEP the timer will no longer be present.

- Note: Cell phone must be able to receive text messages prior to each login. If you do not have a home phone number, leave this field blank.
18. Enter DOB (MM/DD/YYYY format only), SSN (XXX-XX-XXXX format only) and Credit Card number and click .
19. Answer the knowledge-base questions and click Continue.

20. If successfully passed the identity proofing process, a postal letter with a mail code will be sent to the home address listed.
21. Click to return to the website from which the enrollment was initiated.

Congratulations – You have successfully been identity proofed and will be issued a Norton Symantec credential.

- Note 1: You will receive a letter in approximately a week that will contain instructions on the next steps.
- Note 2: You will also receive an email containing instructions on the next steps. Save this email until you receive the letter from NortonAccount@Symantec.
22. Redirected to Access to SEP page.
23. Select the [VSO Representative] from the drop down list box.
Welcome to SEP.

Help us understand what your role on SEP is so we can get you the proper access.

What type of user are you?
VSO Representative

What is your OGC Accreditation Number?

Up To 7 Digits.

24. Presented with a dialog box. Enter your OGC Accreditation (Registration) number. Click the button. You will be brought to a screen that displays all your VSO Roles and POA associations.
25. Click the Finish Login button to receive a SEP message advising that you must wait to receive the postal letter from Symantec before you can access the SEP application.
26. Exit VSO Registration Screen.
27. Once the postal letter arrives, access the application website (www.sep.va.gov). Above is an example of the email that you will receive advising you to wait for the postal letter. Below is a sample of the postal letter.

Thank you for choosing the Symantec Norton Identity Provider Service.

On 3-20-13, you initiated the enrollment process for an Enhanced assurance identity credential and successfully completed the Experian™ PreciseID™ identity proofing process. This process complies with Federal Identity Credentialing and Access Management requirements for identity proofing at Assurance Level 3 as specified in NIST Special Publication SP 800–63–1.

To complete the enrollment process, use your web browser and return to the website from which you initiated your login. After you are redirected to Symantec and log in, you will be presented with the mail code verification page. You must enter the following transaction code: (123456789), and follow the instructions to complete your enrollment and activate your credential.

Note: If you did not complete this identity proofing process, you should immediately contact the Symantec customer service at 1-800-579-2848

Symantec Customer Service
